

## 135HF Portable X-Ray

# AJEX SERIES

High Frequency Portable X-ray Generators

AJEX 135H

It's the multi-player

compact

powerful

versatile

cost effective

The 135HF+VT is a complete x-ray solution for a mixed animal practice. The powerful 135HF portable can be used in the field, and then hung from the VT table with tubestand for use in the practice office. The VT table comes complete with tubestand, bucky, and folding leaf to save space, yet still accommodate large animals when necessary. Runs off a standard 110V outlet! No special electrical wiring!

### What's Difference

### Features

- High frequency inverter type generator (60kHz)
- Digital displays of kV, mAs and time
- Overload protection for kV, mA, Time and Temp
- Self-manageable APR function with memory keys
- Soft touch user panel
- Accepts a wide range of power inputs through an electronic voltage compensator

### Advantages

- Powerful output covering most radiographic technique
- Superb images from a high quality, small focal spot X-ray tube
- Excellent reproducibility not affected by line voltage fluctuation
- Reduced exposure to x-ray radiation
- Prolonged lifetime of X-ray tube
- Plugs into ordinary power outlets

### Specification

※ subject to change without notice

Items	Models	AJEX 135H/A	AJEX 140H
Max. Output		2.25kW	2.4kW
Input Line Voltage		110V~, 1 Phase, 50/60Hz	220V~, 1 Phase, 50/60Hz
Rating		40~100 kV	
		35mA max(105mAs max)	40mA max(105mAs max)
Exposure Time		0.02~3.0sec	
Focal Spot		1.2mm	
Memory Keys		6	
B.L.D		50W(100W Option)	
		Full field light beam type collimators with 30sec. timer	
Size(W×D×H)		238×340×194(mm)	
		Exclude Hand Grip	
Weight		13.80 Kgs
